**Broker Experience Task Force Recommendations**

Ms. White presented an update on the Broker Experience Task Force Recommendations. The three schools who currently offer the Broker Pre-License Course in Kansas (Career Education Systems, Lowry School of Real Estate, and Kansas Association of REALTORS) met for a discussion of the task force’s recommendation to increase Broker Pre-License Course from 24 to 90 hours. The group proposed creating a 30-hour Broker Pre-License Course and a 30-hour practice course. The latter would be offered instead of the suggested 30-hour specialty area of practice course. The school coordinators suggested the addition of scenarios related to the specialty areas to the practice course. For non-resident/equivalent requirements met candidates, the group proposes requiring the 30-hour practice course in addition to the current 4-hour law course. Staff concurred that this is a better solution than the original proposal from the task force.

To get feedback on content to include in the practice course, it was suggested Commission staff survey 100 supervising brokers from Kansas to find what information would have helped them before obtaining their license, as they were starting their business, and how to run a business while staying in compliance.

Motion was made by Mr. Wuertz, seconded by Mr. Vaught, to proceed with the changes recommended by the Broker Pre-License Course providers and staff. Motion carries unanimously.

**Licensing Business Process Changes**

Mr. Wisner provided updates on the status of the licensing business process changes discussed at previous meetings. Changes to K.A.R. 86-1-3, 86-1-5, 86-1-9 and 86-3-15, and the repeal of K.A.R. 86-1-15 have been approved by the Division of Budget and the Department of Administration. They are currently being reviewed a second time by the Attorney General’s Office due to some technical changes. They should be returned shortly, and public hearing should be held at the November meeting.

The remaining licensing business process changes involve statutory changes. Staff are preparing a draft of the statutory changes for review at the next Commission meeting. Mr. Wisner also provided an overview of the changes for several statutes including revisions for the Broker Task Force recommendations. These revisions will be sent to industry contacts for feedback.

Proposed adjustments include increases in expenditures on salaries and travel, decreases in OITS costs due to reduced server maintenance requirements and decreases in printing costs due to the elimination of paper licenses.
