Effective January 1, 2020

The 30-hour “Kansas Real Estate Broker Management” course is required for new broker applicants in addition to the 30-hour “Kansas Real Estate Broker Fundamentals” course.

Effective July 1, 2020

Education Standards for Licensees:

- Repeal requirement for “broker core” course. The 12 hours of CE required for renewal consists of at least three mandatory hours titled "Kansas Required Core" and nine elective hours. The Kansas Required Core replaces the “salesperson/broker core.”
- Allow for three hours of elective CE credit during a renewal period to be earned by attending a Commission meeting in person.

All elective continuing education courses submitted for approval must meet the requirements found in the course approval policy approved on 05/23/22.

Effective January 31, 2023

The topical outline for mandatory continuing education approved on 05/23/22 must be used for all Kansas Required Core courses taught on/after January 31, 2023.

## **School and All-Course Approval**

To obtain school and course approval submit your course, along with fee, and the following forms to us for review at least 45 days before the first scheduled class session.

The following form is required to submit a request for all courses and can be located on the Educator Resources page.

- [Course Approval Application](#) (RE-810)

If your course is approved, you will also be set up as a new school at that time.

All education course submission materials must be sent electronically to [kreceducation@ks.gov](mailto:kreceducation@ks.gov).

Payment of the \$75 course approval fee may be made by credit card or electronic check.

The [Directory of Approved CE Providers](#) and [Pre-License Education providers](#) display all approved course and school information on the KREC website.

The Commission does not approve instructors. The school coordinator is responsible for ensuring instructors have the specialized preparation, training, and experience in the subject matter to be taught to ensure competent instruction.

If you plan to offer pre-license education, you must first contact the Kansas Board of Regents to obtain a Certificate of Approval. To begin that process, please review the Pre-License Approval section on page 7 of this guidance document.

## **Course Schedules**

As approved courses are scheduled, please send all information to [kreceducation@ks.gov](mailto:kreceducation@ks.gov). A [Course Schedule form](#) is available at <https://krec.ks.gov/resources/educator-resources>.

## **Consent to Electronic Service**

If you prefer to have all communications sent via email rather than U.S. mail, please complete and return the [Consent to Electronic Service for Schools](#) form to [kreceducation@ks.gov](mailto:kreceducation@ks.gov) at any time. This enables KREC to send any notices, directives, warnings, and course monitoring findings to a school through email.

**COURSE APPROVAL POLICY**  
ELECTIVE CONTINUING EDUCATION  
APPROVED 05/23/2022

Effective July 1, 2022, all original elective continuing education courses submitted for approval must meet the following requirements to be approved by the commission per K.S.A. 58-3046a and K.A.R. 86-1-11(f).

Courses designated as elective hours shall contribute to the maintenance and improvement of the quality of real estate services provided by the real estate licensee to the public.

The following courses shall not be considered by the commission to meet the requirements of continuing education:

Courses on teams, social media, and agency that fail to include requirements for broker supervision, advertising, and brokerage relationships in Kansas license law

Courses on negotiation, investing, marketing, or lead-generation that fail to demonstrate direct benefit to the licensee's client or customer

Courses on residential leasing or renting (not an activity requiring a Kansas license pursuant to KSA 58-3035(f) and (j))

Courses that advertise a particular product or service during instruction time that is offered by a particular company or individual or that provides a direct or indirect benefit to the course provider. The commission may approve courses that provide a list of products or services if the list includes a sufficient number of products or services offered by competitors and would provide informative material relative to the course being offered.

**Kansas Required Core**

Salespersons and Brokers must complete 12 hours to renew, including at least 3 mandatory hours in an approved course titled: "Kansas Required Core."

The required [outline for the Kansas Required Core course](#) is located on the [Educator Resources page](#).

## Distance Education

"Distance education course" means a course for which the school provides instructional materials by mail or electronic transmission to students who are physically separated from the instructor for all or a portion of the course.

In addition to meeting the requirements for all-course approval, each school offering a distance education course must also provide:

- The means to access the distance education course as it will be offered to students;
- Evidence of sufficient information technology support to enable students to complete the distance education course;
- documentation on how the distance education course will require active participation by each student and substantial interaction between the students and the instructor, other students, or a computer program; and
- evidence that the system used for testing students will scramble questions and items for any quizzes or examinations to ensure a random presentation.

The Certificate of Approval, issued by the Kansas Board of Regents (KBOR), must be renewed yearly with KBOR. You will receive information from KBOR to complete this process.

### **Student Certificates**

Upon receiving course approval, KREC will provide the necessary certificate for you to give to students after course completion. You do not need to send a copy to KREC. The form is fillable online. You can customize this document to your needs as long as it includes all of the information on our form. However, you must submit a sample for approval before distribution if you wish to make changes to the format.

### *Maintenance of Records*

Each school shall maintain for at least three years, at the school's business address, a record of each student who has successfully completed a course approved by the Commission.

The school shall keep attendance records current and available for inspection by commission representatives upon request.

### **Continuing Education Data Reporting**

Schools must report CE credit on behalf of the licensee to KREC within **five** calendar days of the course completion date, or by the licensee's license expiration date, whichever is sooner. See [krec.ks.gov](http://krec.ks.gov) for licensee renewal information. If the completion date is less than five calendar days before any expiration date established by K.S.A. 58-3045 and amendments thereto and K.A.R. 86-1-3, the school shall submit the information no later than the expiration date.

Schools shall upload attendance rosters to the State of Kansas server via an FTP client. Please contact [kreceducation@ks.gov](mailto:kreceducation@ks.gov) for instructions.

Any roster containing incorrect or incomplete information will be returned to the school. No credit hours may be entered into the commission records until the roster is corrected and returned to the commission.

It is the responsibility of the school to report an accurate name and license number for each student. Verify licensee information at: [https://licensing.ks.gov/verification\\_krec](https://licensing.ks.gov/verification_krec).

Each school shall request that any applicant or licensee registering for a course verify the applicant's or licensee's registration or license number and use the applicant's or licensee's name exactly as it appears on file with the commission to ensure that the applicant or licensee will receive credit for the course.

### **Course Renewals**

The registration of courses approved by the commission shall expire on January 31 of each year. Each application to renew the approval of a course shall be submitted on a form provided by the commission. KREC will email you with notice to renew and there is no fee.

Each application to renew approval of a course received after the expiration date shall require the submission of a new application for approval.

### **Course Monitoring**

"Monitoring" means review of approved courses by commission staff to ensure the attendance, presentation platform, instruction time, outline, and materials provided by schools meet the requirements of the commission.

Each approved course is subject to monitoring by the commission, with or without prior notice. Commission staff will mail a letter with findings after the review is complete.

The criteria of a course compliance review include:

- Were the approved course outline and objectives clearly stated or presented?
- Were instructions regarding the rules on attendance, credit, and exams clearly stated at the beginning of the course?
- Was the type of credit provided appropriate for this course?
- Were the course content and materials relevant and current?
- Did the instructor demonstrate knowledge of the subject matter and the ability to effectively instruct?
- Was the focus of the course to benefit the licensee's client or customer?
- Did instruction align with the approved content outline?
- Did the course fulfill its stated objectives?
- Did the instructor encourage feedback and class participation? (discussion, quizzes, activities)
- Did the instructor answer questions in a timely manner?
- Were corrective actions taken to minimize distractions?
- Did all technology work? (Links, audio, video, registration)?
- Did the course start and end on time and adhere to scheduled breaks?
- Was attendance monitored by the provider?
- Was content presented in an organized manner and free from errors?
- Did the final exam accurately assess content covered in the course?

Course approval may be withdrawn by the commission for falsification of attendance records or failure to comply with any provision of K.A.R. 86-1-10, K.A.R. 86-1-11, or K.A.R. 86-1-17.

Withdrawal of course approval during class sessions in process shall not affect credit given to students who are attending the course. Approval of a course may be reinstated by the commission upon satisfactory evidence that deficiencies have been corrected.
